Too obvious... Meeting with him... I feel so scary, would be nervous, even before the day every time i couldn't be sleep... Mixed feel of excitements, fear, happy than everything it couldn't be explained in words...

This mixed feel of experience even made me to think not to see him and not to have any tragedy... for my happiness I don't want anybody to get hurt anymore... especially my parents and him...

But still i waits for that time, that feel being with someone who is their for me, that warmth, that hug, that eyes grazing me with love, then... I would come in some point that lets have this meet... Only two things gonna happen...A smooth meet up with him or once again a tragedy day... And... I have a solution too... 😄
